PARTS

1 x
Safety Gate

4 x
Screws

4 x
Adhesive Pads

4 x
Adjuster Bolts

4 x
Adjuster Screws

4 x
Mounting Cups

When you unpack the gate you may notice a gap at the door opening, this is normal with pressure mounted gates and the gap will disappear when it is installed correctly.

STEP 1: GATE PLACEMENT

Gate must be installed in a structurally sound opening. Ensure mounting surface (wall, door frame, stair etc.) is strong, rigid and has an even surface.

Measure the space to be enclosed, you may need to use extensions.

Extensions are available through www.permachildsafety.com

Note: Only use one extension on each side of gate.

STEP 2: INSIDE OPENING OR DOORWAY

1. Screw Adjuster Bolts and Screws together then place into mounting holes in each corner of gate.

2. Place the gate in opening, ensure the bottom rail is completely flat on the floor and the Mounting Cups are directly above each other. Mark the position of each Mounting Cup.

3. Stick the Mounting Cup in position with the Adhesive Pads and then place gate into position.

For added security fix each cup to the wall using a small Phillips head screwdriver and the Screws provided.

This gate must only be fixed to a solid and secure surface. If unsure, check with a qualified builder or trades person that the installation you intend is suitable and safe within the chosen location.

- Align gate with Mounting Cups and tighten Adjuster Screws by turning clockwise, start with the bottom Adjuster Screws, then do the top. Tighten equally until there is only a 1.5mm gap in the locking mechanism. Regularly check tension of all mounting bolts and adjust if required.

Note: Do not extend Adjuster Bolt further than 62mm.

HOW TO OPEN

1. Using one hand place thumb on the button and grip gate with fingers. Slide button and lift gate, then open gate in either direction, when released gate will swing closed automatically.

Always check gate is properly closed.

STAY OPEN FEATURE

To engage the Stay Open feature, the gate needs to be opened passed 90°. Once gate is in the Stay Open position the gate will not swing closed.

CLEANING INSTRUCTIONS

Simply use a soft damp cloth to wipe gate, dry after cleaning.
Do not use chemical or abrasive cleaners.

WARRANTY CERTIFICATE

Congratulations! You have made an excellent choice of this quality product. Our commitment to quality also includes our service. Should you, contrary to expectations, experience defects due to manufacturing faults, we will provide you with a warranty against defects as follows:

Warranty

The product is guaranteed to be free from defects in workmanship and parts for a period of 12 months from the date of purchase. Defects that occur within this warranty period, under normal use and care, will be repaired, replaced or refunded at our discretion. The benefits conferred by this warranty are in addition to all rights and remedies in respect of the product that the consumer has under the Competition and Consumer Act 2010 and similar state and territory laws.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Proof of Purchase

This warranty is valid for the original purchase and is not transferable. Please keep your purchase docket, tax invoice or receipt as the best proof of purchase, and as proof of date on which the purchase was made.

Extent of Warranty

This warranty is limited to defects in workmanship or parts. All defective products or parts will be repaired or replaced. This warranty does not cover consumable items.

Normal Wear and Tear

This warranty does not cover normal wear and tear to the products or parts.

Exclusions

This warranty does not cover:

- Any defects caused by an accident, misuse, abuse, improper installation or operation, lack of reasonable care, unauthorised modification, loss of parts, tampering or attempted repair by a person not authorised by the distributor.
- Any product that has not been installed, operated or maintained in accordance with the manufacturer's operating instructions provided with the product.
- Any product that has been used for purposes other than domestic use.
